

Volkswagen Motability Scheme Price Guide

1st January 2025 – 31st March 2025

The Motability Scheme

At Volkswagen, we take pride in inclusivity and as such we offer several of our models on the Motability Scheme. The Motability Scheme helps people who qualify for a government-funded mobility allowance to exchange this to fund the lease of a brand-new Volkswagen.

The Scheme Offers These Benefits:

- A 3-year lease of a new Volkswagen
- A 60,000-mile allowance over the three years
- Includes insurance with up to three named drivers
- Includes servicing and maintenance plus replacement tyres
- Includes accident and breakdown cover
- For our ID. electric vehicles, the cost of a home charger install is covered or access the BP pulse public charging network is provided
- Plus, all the benefits of a Volkswagen!

Do I Qualify?

To qualify, you must be in receipt of one of the government-funded mobility allowances listed below with at least 12-months allowance remaining.

- The Higher Rate Mobility Component of Disability Living Allowance (DLA)
- The Higher Rate Mobility Part of Personal Independence Payment (PIP)
- The War Pensioners' Mobility Supplement (WPMS)
- The Armed Forces Independence Payment (AFIP).

If you are unsure if you qualify, please visit www.motability.co.uk or ask one of our retailers for help.

To place an order for a Volkswagen on the Motability Scheme, please visit your local retailer. To find your nearest retailer visit www.volkswagen.co.uk/en/find-a-volkswagen-retailer.html.

In this price list, you can find the Volkswagens available on the Scheme. Listed is the Advanced Payment (AP) amount, this is a one-off payment required at the start of your lease. Alongside this, there is the weekly rental. Some vehicles will cost your whole weekly mobility allowance, shown as total allowance (TA) in the pricing table. Whereas other vehicles won't cost your full allowance and will take the amount shown in the table away from your weekly allowance, leaving the remainder of your allowance to spend as you wish.

NOW AVAILABLE FOR MOTABILITY CUSTOMERS

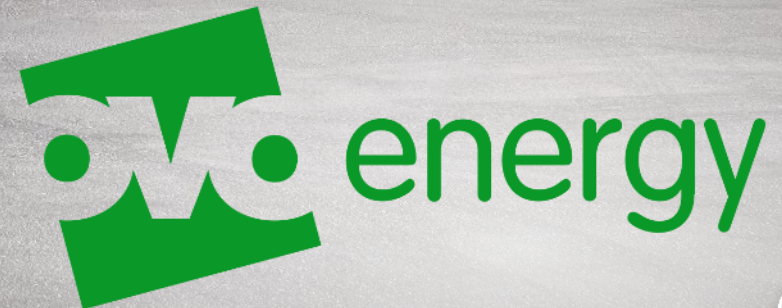

— OVO Tariff Offer —

OVO is VWG's new preferred energy partner

With OVO's "Charge Anytime" tariff customers will benefit from a lower rate of 7p per kWh, any time, day or night.

Customers who order a new electric vehicle from 1 July 2024 to 31 March 2025 will be eligible for up to 10,000 free miles followed by up to 1,000 free miles on their contract anniversary for three more years.

Further Information

Terms and Conditions:

The vehicle specification shown in this price list and in the images may not reflect UK specification and may vary as Volkswagen UK reviews the model range line up throughout the year. Please ensure that you clarify the exact vehicle specification and prices with your Volkswagen retailer at the point of order.

All models on the Motability Scheme include optional metallic paint at no extra cost. Models featured may include options at an additional cost.

Vehicle fuel consumption and CO₂ information values can be viewed in the configurator on www.volkswagen.co.uk.

Prices are correct at the time of publication and are applicable for orders placed and accepted between 1 January – 31 March 2025. Volkswagen UK reserves the right to amend or withdraw offers at any time without prior notice.

To qualify you must be in receipt of the Higher Rate Mobility Component of Disability Living Allowance (DLA), the Higher Rate Mobility Part of Personal Independence Payment (PIP), the War Pensioners' Mobility Supplement (WPMS) or the Armed Forces Independence Payment (AFIP).

Retailers need to select the correct customer profile code in the Motability system at the time of ordering.

Terms & Conditions | OVO Tariff Offer

OVO Tariff Offer

Charge Anytime 10,000 Free Miles

Offer open to new or existing customers of OVO Energy who: (1) are UK residents, excluding Northern Ireland, 18+ (2) purchase a brand new fully electric vehicle from any VWG brand dealership between 1st July 2024 and 31st March 2025 (for a full list of eligible EVs see) and (3) activate OVO Energy's 'Charge Anytime'. To activate 'Charge Anytime', you will need a compatible EV charger or electric vehicle. T&Cs apply to OVO Energy's 'Charge Anytime'. New vehicles only. Domestic charging only. Applies to Retail BEV Agency, Motability and Local Business only. Offer subject to availability. Offer valid on orders placed from 1st July 2024 to 31st March 2025. Customer will receive £212.12 credit on their OVO Energy account within 60 days of Charge Anytime sign up. For each year you remain on Charge Anytime on the anniversary of you joining Charge Anytime you will also receive a £21.21 credit equal to 1,000 free miles. This will be paid to you each year for a maximum of 3 years. 10,000 and 1,000 mile calculations based on an average efficiency, weighted in line with brand Electric Vehicle volumes, of 3.3 mile per kWh across the Volkswagen Group model range (for all brands). Since this is an average, the efficiency of individual models may be less, which would mean you receive fewer than the maximum 10,000 free miles. The efficiency figure is also based on standardised test data after the battery had been fully charged (to 100%) and may not reflect real world driving. Actual efficiency differs depending on multiple variables, including your selected vehicle and configuration, accessories fitted (post-registration), variations in weather, driving styles, route conditions, speed, vehicle age, battery age and temperature and vehicle load. The actual number of free miles you receive may be less than the maximum 10,000 miles and will depend on the actual efficiency of your selected EV in the real world. Offer is for an estimated number of free miles calculated on the basis of the costs to the customer when they 'smart charge' using 'Charge Anytime'. Electric vehicles require mains electricity for charging. OVO Tariff Offer

Enhanced EV Saver Free Miles

Open to new or existing customers of OVO Energy who are GB residents, 18+. Excludes Northern Ireland. Offer enables non-EV drivers to "bank" free miles on a monthly basis, which they can then redeem at a later date if they go on to purchase a qualifying electric vehicle and activate OVO Energy's 'Charge Anytime'. To participate, you must (1) download the OVO App (compatible smartphone required) and (2) activate OVO Energy's OVO Beyond and EV Reward Offer. You can then bank miles through the OVO App. All customers will be able to bank up to 100 miles per month under the EV Reward Offer for a maximum of 24 months (i.e. up to a total of 2,400 free miles), with banked mileage shown in the OVO App. Customers who then purchase a brand new fully electric vehicle from Volkswagen after the 1st July 2024 through Retail, Contract Hire or Motability will be awarded up to an additional 50 miles for every 100 miles banked through the EV Reward Offer. Banked mileage and the additional miles awarded will be redeemed as a monetary credit to your Charge Anytime account, within 90 days of activating Charge Anytime. Credit can be used to charge your vehicle providing "free miles" of range. Banked mileage must be redeemed within 3 years from the end of the 24-month accrual period. Once expired, the banked mileage and the additional miles awarded will be lost. To activate 'Charge Anytime', you will need a compatible EV charger or electric vehicle (for a list of compatible chargers and vehicles please see here). T&Cs apply to OVO Energy's 'Beyond EV Reward' (see here) and 'Charge Anytime' (see here). Offer valid on new retail, contract hire and Motability vehicles only, where order was placed after 01/07/2024. Not available for business purposes. Offer subject to availability. Mileage calculation based on average efficiency, weighted in line with brand market share, of 3.3kWh/mile across the Volkswagen Group model range for all brands. Since this is an average, the efficiency of individual models may be less, which would mean you receive fewer than the maximum free mileage. The efficiency figure is also based on standardised test data after the battery had been fully charged (to 100%) and may not reflect real world driving. Actual efficiency differs depending on multiple variables, including your selected vehicle and configuration, accessories fitted (post-registration), variations in weather, driving styles, route conditions, speed, vehicle age, battery age and temperature and vehicle load. The actual number of free miles you receive may be less than the maximum stated miles and will depend on the actual efficiency of your selected vehicle in the real world. Offer is for an estimated number of free miles calculated on the basis of the costs to the customer when they 'smart charge' using 'Charge Anytime'. Amount of credit you receive will vary depending on how many free miles you have banked and the current Charge Anytime rate at the time you redeem your free miles up to a maximum redemption value of 14p/kWh. Electric vehicles require mains electricity for charging.
